

Information for Retailers

Apart from selling through the webshop BUNS also offers its products in cooperation with selected retailers. Today BUNS is available in The Netherlands, Belgium, France and Switzerland. Our network seeks new entrepreneurs who are willing to sell BUNS collections. That's why we offer special rewards to our retailers.

It is our policy to reward retailers who are loyal to BUNS. Now and even more so in future. If you are interested in reselling our unique products, and want to hear more about our proposal, please fill in the form below.

We will contact you after we received your information and will provide you with our conditions. When you are appointed as a BUNS Retailer we will list you on our site and make it possible for you to order through our site.

We make sure our retailers receive pre-purchase information on upcoming productlines.
